100 Municipal Boulevard, Edison, NJ 08817 | Phone: (732) 248-7288

REQUIREMENTS FOR PLOT GRADING PLANS - MINOR DEVELOPMENT

I. APPLICABILITY & THRESHOLDS:

A formal engineered Plot Grading Plan is required under Edison Township Code for all Minor Developments, including new 1- and 2-family dwellings, residential additions, in-ground swimming pools, retaining walls, and any development that creates between 500 and 10,890 sq. ft. of new impervious surface OR disturbs between 1,250 and 43,560 sq. ft. of land area.

II. TECHNICAL PLAN SUBMISSION REQUIREMENTS (10-Point Checklist):

1. Professional Seal: Plans must be prepared, signed, and embossed by a NJ Licensed Professional Engineer (PE) or Professional Land Surveyor (PLS) as applicable by law.
2. Property Survey Overlay: Plan must be overlaid on a certified boundary survey showing true dimensions, property lines, right-of-ways, and all existing and proposed easements.
3. Contours & Spot Elevations: Minimum 1-ft or 2-ft existing and proposed contours, spot elevations at property corners, building corners, walk/driveway junctions, and high/low drainage break points.
4. Stormwater Runoff Infiltration: On-site stormwater mitigation (e.g. seepage pits, drywells, clean crushed stone trenches) sized per Township Stormwater Ordinance (Title 34) (capacity for 3 inches runoff per sq. ft. impervious).
5. Structure Footprints: Location, setbacks, and dimensions of principal dwelling, garage, decks, sheds, pools, and patios.
6. Setback Compliance: Clear setback dimensions to all property lines meeting Edison residential zone Schedule A standards.
7. Soil Erosion & Sediment Control: Silt fence location, stabilized construction entrance, and inlet filter details meeting Standards for Soil Erosion and Sediment Control in New Jersey.
8. Retaining Walls: For retaining walls (especially under/over 48 inches), footings, drainage backfill, stone, and piping must be detailed and structurally certified.
9. Tree Conservation: If tree removal is required for grading, a separate Tree Removal Permit Application and Tree Conservation / Replacement Plan must be submitted concurrently.
10. Prior Approvals: If approved by Planning Board or Zoning Board of Adjustment, plan must strictly comply with all resolution conditions of approval.

III. SUBMISSION PACKAGE & FEES:

- Submit three (3) signed and sealed copies of the Plot Grading Plan to the Division of Engineering.
- Include completed Site Improvement Permit (SIP) Application and approved Zoning Permit.
- Engineering Review Fee and Engineering Inspection Escrow (equal to 5% of overall construction cost).
- Submit to: Division of Engineering, Edison Municipal Complex, 100 Municipal Blvd, Edison, NJ 08817.
